

# COBRA Contractor's Payroll

Did you know there are vast differences between the Payroll needs of the Contracting business and those of any other type of company? This is why we designed and developed a Payroll program *exclusively* for you.

## Benefits of the COBRA Payroll include:

- Real-time updating of Job Cost as soon as the Hours are entered into Payroll! Billings can be sent out even before Payroll Checks are run.
- Links to AP to create your AP Invoices for your Liability Payments. You'll never forget to pay your monthly Payroll obligations!
- Creates GL Accounting from your current GL Chart of Accounts with automated breakouts to Cost Codes.
